

## Create your legacy

Charitable planned giving is an investment and should be part of your overall financial plan. Inside, you'll find eight options to consider, and hopefully one that is right for you.

## Can I afford to do it?

Yes, you can. Planned giving allows you to support causes and organizations that you are passionate about, and it doesn't take millions of dollars. A small percentage of your estate — as little as five percent — would make a real difference in our community. You can give to an established charity, create a Forever Fund at the Community Foundation to help solve pressing community issues that are important to you, or contribute to our General Endowment Fund, which supports our community forever.

## How do I create a planned gift?

Your gift does not have to be cash. Assets that include stocks, bonds, life insurance, IRA proceeds, real estate, shares in closely held businesses, and more may offer you more tax advantages than only giving cash.

*"We are leaving a legacy gift to the Community Foundation because we believe in what the Foundation does and how it will help make a better community for everyone in the future."*
