July 29 The Dady Brothers

Dear Hochstein Friends and Families,

Welcome to a summer of fun at Hochstein and the beginning of our 90th Anniversary year!

As we celebrate our past, we are leaping into the future with the opening of our new technology hub, the **Music Lab**.

Located in our former library space, this computer lab will be equipped with one teacher and eight student workstations, each with a full-size digital keyboard, and will pave the way for interactive ear-training, keyboard skills, music appreciation, and composition classes. The Music Lab will also feature a large flatbed scanner for music editing, and each computer will be loaded with software that includes Sibelius, Finale, and Auralia/Musition.

Please contact us in August for a flyer describing the course offerings for the Music Lab, and stay tuned for more information about our complimentary "Intro to the Music Lab" offerings in September.

And remember, there is still time to join us this summer for our week-long camps, short term workshops, and individual instruction!

Become a fan on our [Facebook](#) page or stay in touch by checking our website hochstein.org for updates, calendar listings, and other news!

Faculty News

Wade Richards

At the National Music Therapy Conference in Cleveland this November, Wade was asked to be on the prestigious panel held on Young Adults with Autism: School Years to Real Life. His work with young adults with autism will be featured. He will also be present a continuing education course on songwriting and a presentation on social skills and music therapy.
