

Hochstein School of Music & Dance

Hochstein School of Music & Dance

One Community, Many Facets

Our Dance Program features a full range of sequential, guided instruction focusing on the joy of the art of dance.

With an emphasis on nurturing the whole dancer, our faculty works with each student to develop confidence and creativity as well as performance and technical dance skills.

From learning the basics...

to composing in our Music Lab...

Our students have the opportunities to explore and express themselves through music in many ways.

Our Expressive Arts department works with thousands of individuals and groups throughout Monroe and the surrounding counties providing music, art, and dance therapy to a wide range of individuals.

Music FUNdamentals classes provide brain-building socialization, exposure to music, and more with our early childhood faculty.

Our Ensembles programs are places for students to enjoy camaraderie, build musical skills, and instill confidence.

Individual Instruction is at the heart of Hochstein's comprehensive program and is the most effective way to make significant progress in your musical skills.

We provide instruction for people of all ages and abilities.

In addition, Hochstein provides over \$275,000 yearly in need-based scholarships.

Our community involves many partnerships around town, performances that are free to the public, interactive events, and, of course, lots of shared pizza.

Our Suzuki program begins at age 3 years, and is based in the belief that young children learn to play music in much the same way they learn their native language-through listening, repetition, support and parent involvement.

Hochstein's Suzuki faculty have all studied Suzuki Pedagogy and they are passionate about helping students experience the unique Suzuki approach to learning.

Our Mission: To provide people of all ages, backgrounds, and abilities with access to excellent music and dance education in a community that nurtures and encourages personal achievement. Join us!
