The Hochstein School

The Hochstein School, founded in commemoration of genius and dedicated to providing access to opportunity, is a vibrant community of musicians, dancers, and supporters who choose to come together in this historic and inspiring place to develop in themselves, and in each other, the ability to speak and communicate through the making of music and dance. We do this with the conviction that music nurtures, enriches and energizes every human life, and that the joy of making music, and all the expressive arts that it inspires, holds the key to creating a better world.
